**PBO Recommendation:**

This application is for continued support for utility assistance for Travis County citizens at or below 200% of the federal poverty guidelines. There is no grant match required. PBO recommends approval of this application request.

1. Brief Narrative - Summary of Grant: What is the goal of the program? How does the grant fit into the current activities of the department? Is the grant starting a new program, or is it enhancing an existing program?

As an existing program, these funds will continue to be used to provide emergency utility assistance to qualified Travis County residents. These grant funds are sometimes used in conjunction with other utility assistance programs providing a higher level of assistance to further the client's energy self-sufficiency.

2. Departmental Resource Commitment: What are the long term County funding requirements of the grant?

Existing staff will perform eligibility determination and vendor payment processings. No additional funds are required.

3. County Commitment to the Grant: Is a county match required? If so, how does the department propose to fund the grant match? Please explain.

No County match is required.

4. Does the grant program have an indirect cost allocation, in accordance with the grant rules? If not, please explain why not.

The application indicates that agencies are strongly encouraged to use all of the requested funds for direct client assistance. Keeping with that intent, the funds awarded to Travis County in Phase 30 will be used only for direct client services.

5. County Commitment to the Program Upon Discontinuation of Grant by Grantor: Will the program discontinue upon discontinuance of the grant funding? (Yes/No) If No: What is the proposed funding mechanism: (1) Request additional funding (2) Use departmental resources. If (2) is answered, provide details about what internal resources are to be provided and what other programs will be discontinued as a result.

Yes

6. If this is a new program, please provide information why the County should expand into this area.

N/A

7. Please explain how this program will affect your current operations. Please tie the performance measures for this program back to the critical performance measures for your department or office.

Travis County Health and Human Services & Veterans Service Department Family Support Services division staff will continue to provide client interviews for eligibility determination of this program and the other programs available through the department. This program funding assists in meeting the needs of the clients who are experiencing an economic crisis and need assistance meeting their household utility obligations.

**SUBJECT:** Acceptance of 2012 Emergency Food and Shelter Program Phase 30 Application

**Proposed Motion:** Consider and take appropriate action to approve the 2012 grant application for funding of the Emergency Food and Shelter Program Phase 30.

**Summary and Staff Recommendation:** Staff requests the acceptance and authorization to apply for \$100,000 in funding for the Phase 30 grant period. This requested amount is approximately \$20,000 more than the award received for this grant in the 2011 grant period. The funds awarded for this grant are used to provide emergency utility assistance for Travis County's low-income individuals and families who have an income at or below 200% of the current Federal Poverty Income Guidelines.

**Budgetary and Fiscal Impact:** The awarded grant funds will be budgeted in the utility assistance line item established for this fund. No matching funds are required. We expect a decision to be made concerning our application in the next few months. The current contract period was 01-01-11 through 12-31-11.

**Issues and Opportunities:** The department has participated in this program for a number of years. Within the current program period which just began September 6, 2011, the department has assisted over 270 households with their utility bills. Other

agencies receiving funds for this program use their funding to provide food, shelter and rental assistance for clients. Through coordinating efforts with these agencies with regard to their use of funding as well as ours, duplication of services is prevented and assistance is given in a more efficient and effective manner.

We will use all of the Emergency Food and Shelter Program funds for direct assistance to clients. These funds are used to supplement the Federal, State, and local grant funds to enable the department to extend utility assistance to indigent individuals and families who seek aid from the department.
