

Travis County Commissioners Court Agenda Request

Meeting Date: March 27, 2012

Prepared By/Phone Number: Lori Clyde/854-4205 Elected/Appointed Official/Dept. Head: Cyd Grimes

Commissioners Court Sponsor: Judge Biscoe

Agenda Language: Approve Modification No. 3 to Contract No. MA070380LC, Hamer Enterprises, for a license and Maintenance Agreement for eJustice Software System.

➤ Purchasing Recommendation and Comments: Purchasing concurs with department and recommends approval of requested action. This procurement action meets the compliance requirements as outlined by the statutes.

In order to facilitate a cleaner conversion for the current CJS to the Tyler Odyssey System, ITS recommends modifying the eJustice system software to synchronize assessment and disbursement balances between CJS and e-Justice.

The first part of the modification corrects a deficiency in the electronic download of information to Travis County Central Collections (TCCC), for delinquent cases. The current download includes demographic information, case status information including offense code, disposition, fine, court costs & fee assessments and payment amounts, but it does not include a breakdown of how the payments were disbursed. e-JUSTICE applies pro-rata to the downloaded payment(s) in order to create a balance forward for each applicable cost, fine or fee. This balance forward does not always match to the CJS or manual distribution spreadsheet. The modification listed above as "Custom Import of Prior Payment Disbursement Detail from FACTS/CJS into the e-JUSTICE Payment History Disbursement Detail Database" will address this deficiency and allow e-JUSTICE to adjust its balance forward to mirror the downloaded data.

The second part of the modification will modify e-JUSTICE to incorporate the "Costs-First" or Pro-Rata rule, GA-147, 2004, as AGENDA REQUEST DEADLINE: All agenda requests and supporting materials must be submitted as a pdf to Cheryl Aker in the County Judge's office, Cheryl.Aker@co.travis.tx.us by Tuesdays at 5:00 p.m. for the next week's meeting.

programmed in CJS and FACTS. This update will ensure that all 3 systems are programmed with the same allocation rules.

The third part of the modification will add fields to the download which include costs and fees assessed after the initial case filing such as Jury fees, empanelment fees, contempt fines, etc., and will ensure that e-JUSTICE considers all applicable costs & fees when applying Pro-Rata.

The cost of this modification will be \$10,800.00.

➤ Contract Expenditures: Within the last 12 months \$45,000.00 has been spent against this contract/requirement.

Contract Modification	Information:
Modification Amount:	\$10,800.00

TO:

Cyd V. Grimes, C.P.M. - Travis County Purchasing Agent

FROM:

Joe Harlow, Chief Information Officer

SUBJ:

Recommendation for modification of Hamer Enterprises E-Justice System

Proposed Motion:

Authorize modification of Hamer Enterprises License and Maintenance Agreement for e-JUSTICE System and Software #MA070380LC as outlined in attached Quote #9950.

Summary & Staff Recommendation:

ITS recommends the approval of this modification to the Hamer Enterprises e-JUSTICE system.

Issues and Opportunities:

CJS was recently modified to disburse partial payments and eliminate the need for the manual disbursements.

Hamer Enterprises Quote #9950 (attached) provides for following modifications to the e-JUSTICE software to synchronize assessment and disbursement balances between CJS and e-JUSTICE:

- 1. Custom Import of Prior Payment Disbursement Detail from FACTS/CJS into e-JUSTICE Payment History Disbursement Detail Database.
- 2. Change payment disbursement priority for both cash and non-cash payments. (No Charge, included as part of Software Maintenance Agreement due to Legislative changes.)
- 3. Modify Assessment Import and DB Structure to import additional fields and store for Tax Office Query use.

These modifications will facilitate a more accurate conversion from CJS to Odyssey.

Background:

Historically, the CJS system did not disburse payments that are receipted for less than the total costs & fees assessed on a case. The system held these partial payments in "suspense" until the total costs & fees are paid. In order to comply with; The Texas Local Government Code, Section 113.022, "Time for Making Deposits" (Civil) and the Code of Criminal Procedure, Article 103.004(a), "Disposition of Collected Money" (Criminal), the financial manager for the JP offices disburses these partial payments by

manually recording them in an excel spreadsheet that applies the Pro-Rata Rules as indicated by Attorney General Opinion GA-147, 2004. CJS was recently modified to disburse partial payments and eliminate the need for the manual disbursements.

The first part of the modification corrects a deficiency in the electronic download of information to Travis County Central Collections (TCCC), for delinquent cases. The current download includes demographic information, case status information including offense code, disposition, fine, court costs & fee assessments and payment amounts, but it does not include a breakdown of how the payments were disbursed. e-JUSTICE applies pro-rata to the downloaded payment(s) in order to create a balance forward for each applicable cost, fine or fee. This balance forward does not always match to the CJS or manual distribution spreadsheet. The modification listed above as "Custom Import of Prior Payment Disbursement Detail from FACTS/CJS into the e-JUSTICE Payment History Disbursement Detail Database" will address this deficiency and allow e-JUSTICE to adjust its balance forward to mirror the downloaded data.

The second part of the modifications which is listed above as "Change payment disbursement priority for both cash and non-cash payments", will modify e-JUSTICE to incorporate the "Costs-First" or Pro-Rata rule, GA-147, 2004, as programmed in CJS and FACTS. This update will ensure that all 3 systems are programmed with the same allocation rules.

The third part of the modification listed as, "Modify Assessment Import and DB Structure to import additional fields and store for Tax Office" will add fields to the download which include costs and fees assessed after the initial case filing such as Jury fees, empanelment fees, contempt fines, etc., and will ensure that e-JUSTICE considers all applicable costs & fees when applying Pro-Rata.

Exhibit 1

1) Change allocation business rules for partial payments in EZJustice:

Highest Priority is 1, while lowest is 5. Entries with the same # are disbursed at the same level and require proration (Court Costs and Fees).

Disbursement Priority Levels		
1 – Processing Fee		
2 – Toll & Toll Admin Fee		
3 – Court Costs		
3 – Time Payment		
3 – Warrant Fee		
3 - Omni Fee		
3 – Admin Fee		
3 – NSF		
4– Special Expense Fee		
5 - Fine		

For NON-CASH Partial Payments, the priority levels above will be inverted, where 5 will come first followed by 4,3,2 and finally 1.
