PBO Recommendation:

On November 30, 2010, Commissioners Court approved the acceptance of the 2010 State Criminal Alien Assistance Program (SCAAP). The 2010 grant provided \$915,571 for a variety of correction related projects that might otherwise have been requested through the budget process had these funds not been available. Included in this approval was the use of \$43,626 for the Commissary Scantron Project. The office encumbered the funds for the Scantron Project but they have remained unspent. The office has since decided "that this is not the direction that TCSO wants to do with the Commissary at this time" and would like to reallocate the \$43,626 for three needed correction related projects. The first requested reallocation is to use \$13,000 of the balance for the repair and replacement of a shingle roof system for Building #188 at the Travis County Correctional Complex. The second request is to use \$12,000 to network the Key Watcher boxes that were previously purchased with SCAAP funds. The office would like to use the remaining \$18,626 from the balance of the Commissary Scantron Project for the purchase of additional security camera upgrades for correctional buildings. All three projects are appropriate to be paid by SCAAP funding.

PBO recommends approval to reallocate unspent 2010 SCAAP funds for the requested correctional related projects.

1. Brief Narrative - Summary of Grant: What is the goal of the program? How does the grant fit into the current activities of the department? Is the grant starting a new program, or is it enhancing an existing program?

Existing program to reimburse Travis County for expenses related to the housing of inmates.

2. Departmental Resource Commitment: What are the long term County funding requirements of the grant?

None

3. County Commitment to the Grant: Is a county match required? If so, how does the department propose to fund the grant match? Please explain.

NA

4. Does the grant program have an indirect cost allocation, in accordance with the grant rules? If not, please explain why not.

Not Allowed

5. County Commitment to the Program Upon Discontinuation of Grant by Grantor: Will the program discontinue upon discontinuance of the grant funding? (Yes/No) If No: What is the proposed funding mechanism: (1) Request additional funding (2) Use departmental resources. If (2) is answered, provide details about what internal resources are to be provided and what other programs will be discontinued as a result.

No program is attached to this reimbursement - Impact would be a decrease in fund revenue which is currently tied to corretional costs.

6. If this is a new program, please provide information why the County should expand into this area.

Not a new program - Travis County has participated since 1998 in SCAAP

7. Please explain how this program will affect your current operations. Please tie the performance measures for this program back to the critical performance measures for your department or office.

This grant reimbursement program provides for a recovery of funds expended for the housing of persons deemed to be of non-legal status by the Immigration and Customs Enforcement Office. Since 2007 the expenditure of these funds must be tied to corrections related operations. While no formal measures are tied to the program, the funds income does offset general fund expenditures.

MEMORANDUM

TO: **Honorable Sam Biscoe, County Judge**
 Honorable Ron Davis, Commissioner, Precinct 1
 Honorable Sarah Eckhardt, Commissioner, Precinct 2
 Honorable Karen Huber, Commissioner, Precinct 3
 Honorable Margaret Gomez, Commissioner, Precinct 4

FROM: **Margaret H Seville 1777, Research and Planning** *M Seville*

SUBJECT: **2010 State Criminal Alien Assistance Program Grant - Update**

On Tuesday, November 30, 2010, under item 16d the court accepted the 2010 State Criminal Alien Assistance Program funds from the United States Department of Justice.

The federal guidelines for use of these funds now indicate that they can only be used for corrections related areas. Jail administrators developed a list of projects that these funds are assisting with. TCSO continues to work in conjunction with PBO to ensure that these funds are used within the federal guidelines and due to their being one-time in nature use them for one-time expenditures.

Initially \$43,626 was approved for the Commissary Scantron Project and approved by the court; however it has been decided that this is not the direction that the TCSO wants to go with Commissary at this time. The Sheriff's Office requests approval to use the \$43,626 on two other projects as described below.

Request \$13,000 be authorized for use for the repair and replacement of a shingle roof system on building #188 at the Travis County Correctional Complex. This building is an inmate housing unit that is currently unoccupied, but which needs to be kept in good repair for those times when the inmate population rises. The roof has been patched numerous times and now needs replacing to prevent water damage and to protect the integrity of the building. We are currently in the solicitation process for buildings 185-187 and this building would be added to the solicitation to get all the building roofs replaced at once.

Request \$12,000 be authorized to network the Key Watcher boxes that were previously authorized, purchased and installed using 2010 SCAAP funds. These boxes have improved the key control in our detention buildings, Central Booking and Transportation areas and this networking will further enhance the security within the Corrections Bureau.

Request the remaining \$18,626 be added to the \$514,368 currently authorized for the Security Camera Up-grades in the Correctional Buildings. The Prison Rape Elimination Act (PREA) of 2003 standard PP3 requires adequate supervision of inmates to protect inmates from sexual abuse and requires upper management to assess the need for monitoring technology to supplement security staff supervision. The Sheriff's Office has been working over the past several years to upgrade the camera systems in our inmate facilities to ensure that everything is done to maintain the safety of all inmates. This is a large project and this additional \$18,626 won't complete the project, but it will allow us to add additional areas to the project this year.

We appreciate you continued support as we finish up these projects that will help us maintain our facilities and strive toward meeting the PREA standards.

If you have any questions please feel free to contact my office at 854-9804.

Your support and approval of this project is appreciated.
