MEMORANDUM

To: Travis County Commissioners Court

From: Hershel Lee, Travis County Fire Marshal

Date: December 4, 2012

Subject: **Consider and Take Appropriate Action on an Order concerning Outdoor Burning in unincorporated Travis County**

The current Order Banning Outdoor Burning in unincorporated Travis County will expire December 12, 2012.

The dry conditions in Travis County have continued to persist with one of the driest Novembers in history for Travis County.

Several months ago, meteorologists were predicting a wetter than normal winter. The rains have not arrived. Some predictions now indicate a dry winter.

We had above average rainfall during the growing season for grasses and other small fuels in our area. This abundant rainfall and warm weather have produced many small fuels (1 hour fuels) in our area. Those fuels are now either standing and cured or are curing very fast. With the low humidity produced by North winds that are common in December, we are likely to experience increased fire danger.

Texas Forest Service reports Travis County to be in a Moderate Fire Danger classification. We have had recent days with a High Fire Danger classification.

The short term forecast does not have a significant chance of rainfall between December 4 and December 11. If current conditions persist my recommendation will be to continue with a Ban on Outdoor Burning for unincorporated Travis County.

A common misconception of citizens is that an Outdoor Burn Ban also regulates fireworks. Fireworks are only regulated by a separate order from Commissioners Court or a local Disaster Declaration by the County Judge.

Hershel Lee
Fire Marshal

COUNTY OF TRAVIS §
 §
STATE OF TEXAS §

**ORDER PROHIBITING
OUTDOOR BURNING**

WHEREAS, Section 352.081 of the Local Government Code provides that the commissioners court of a county by order may prohibit outdoor burning in the unincorporated area of the county if the commissioners court makes a finding that circumstances present in the unincorporated area create a public safety hazard that would be exacerbated by outdoor burning; and,

WHEREAS, the Travis County Commissioners Court does hereby find that circumstances present in all of the unincorporated area of Travis County create a public safety hazard that would be exacerbated by outdoor burning;

NOW, THEREFORE, it is ORDERED that outdoor burning is prohibited in all of the unincorporated areas of Travis County as follows:

- (1) Actions prohibited:
 - (a) A person violates this order if he/she burns any combustible material outside of an enclosure which serves to contain all flames and/or sparks, or orders such burning by others.
 - (b) A person violates this order if he/she engages in any activity outdoors which could allow flames or sparks that could result in a fire unless done in an enclosure designed to protect the spread of fire, or orders such activities by others.

- (2) Enforcement:
 - (a) Upon notification of suspected outdoor burning, the fire department with jurisdiction for the location of the fire shall respond to the scene and take immediate measures to contain and/or extinguish the fire.
 - (b) As soon as possible, a duly commissioned peace officer shall be sent to the scene to investigate the nature of the fire.
 - (c) If, in the opinion of the officer on the scene, the goal of this order can be attained by informing the responsible party about the prohibitions established by this order, the officer may, at his or her discretion, request compliance with it. In such instances, an entry of this notification containing the date, time and place of the warning, along with the name of the party receiving the warning, shall be forwarded to the office of County Judge.
 - (d) In accordance with Section 352.081 of the Local Government Code, a person who knowingly or intentionally violates this order commits a Class C Misdemeanor, punishable by a fine up to \$500.

- (3) This order does not apply to outdoor burning activities:
 - (a) related to public health and safety that are authorized by the Texas Commission on Environmental Quality for:
 - (A) firefighter training;
 - (B) public utility, natural gas pipeline, or mining operations; or
 - (C) planting or harvesting of agriculture crops.

- (b) that are conducted by a prescribed burn manager certified under Section 153.048, Natural Resources Code, and meet the standards of Section 153.047, Natural Resources Code.
- (c) that involve the performance of **outdoor** combustible operations, including but not limited to, outdoor welding, cutting or grinding operations and outdoor hot works operations, by any person (i) if the Travis County Fire Marshal has issued a permit for the welding or hot works operations in compliance with the Fire Code or (ii) if the operations are performed in compliance with the following requirements creating a controlled environment and safeguards on each day when operations are performed:
 - (A) Areas where welding, cutting or grinding operations or hot works operations are being performed are free of vegetation for at least twenty-five feet in all directions;
 - (B) Surfaces around welding or hot works area are wetted down;
 - (C) Each location where welding, cutting or grinding operations or hot works operations are being performed must have cellular telephone communications for emergency response;
 - (D) Before beginning any operations, the person performing the welding, cutting or grinding operations or hot works operations must notify the local fire department or Emergency Services District which serves the location where the welding, cutting or grinding operations or hot works operations are planned.
 - (E) A dedicated fire watch person attends each welder, cutter, grinder, or worker performing hot works operations or any activity that causes a spark;
 - (F) At least one (1) water pressure fire extinguisher per fire watch person is located within 10 feet of the location where welding, cutting or grinding operations or hot works operations are being performed;
 - (G) No welding, cutting or grinding operations or hot works operations is allowed on days designated as red flag warning days by the National Weather Service;
 - (H) If all welding, cutting and grinding operations or hot works operations are performed only in a total welding or hot works enclosure, or “welding box” or “hot works box”, that is sufficiently high to control sparks, including a fire retardant cover over the top, the operations must comply with requirements E, F, and G in this list and is encouraged to comply with requirements A-D inclusive, if feasible and appropriate, and;
 - (I) If all welding, cutting and grinding operations or hot works operations are performed only in sub-surface, or “bell hole”, welding and grinding operations or hot works operations within approved excavations, the operations must comply with requirements E, F, and G in this list and is encouraged to comply with requirements A-D inclusive, if feasible and appropriate.

Be it also ORDERED that the purpose of this order is the mitigation of the public safety hazard posed by wild fires during the current dry weather by curtailing the practice of outdoor burning, which purpose is to be taken into account in any enforcement action based upon this order.

This order prohibiting outdoor burning shall expire on January 9, 2013 or upon such date as a determination is made by the Travis County Commissioners Court or by the Travis County Fire Marshal that the circumstances present in the unincorporated areas of Travis County no longer create a public safety hazard that would be exacerbated by outdoor burning, whichever occurs earlier.

ORDERED THIS 11th DAY OF December 2012.

TRAVIS COUNTY COMMISSIONERS COURT

By: _____
Samuel T. Biscoe, County Judge
