PBO Recommendation:

The Juvenile Probation Department is requesting Commissioners Court approval of a revision to the resolution for The Eagle Soars: An Educational and Career Development Program. This grant is through the Office of the Governor, Criminal Justice Division.

This grant application was originally approved at the February 19th Commissioners' Court. Per the grantor's request, the resolution has been updated to remove a clause that was not relevant to this program.

The Eagle Soars: An Educational and Career Development Program, is an enhancement of the Eagle Resources program that was operated by the Juvenile Probation Department from 2010-2013. The program will continue to help provide opportunities for juveniles that reside in the department's Intermediate Sanctions Center that are in the process of re-integrating back into the community.

The total grant amount is \$115,955, with a required indirect cost allotment of \$2,274. There are no long-term funding requirements for this grant.

PBO recommends approval of the resolution revision.

1. Brief Narrative - Summary of Grant: What is the goal of the program? How does the grant fit into the current activities of the department? Is the grant starting a new program, or is it enhancing an existing one?

The Eagle Soars: An Educational and Career Development Program is an enhancement of the Eagle Resources program that TCJPD ran from 2010-2013. The goal of this program is to provide education and career development opportunities to 13-19 year old juveniles who reside in our ISC to enable them to successfully reenter their communities. It fits into the current activities of the department because it is an enhancement of a program that TCJPD currently has.

2. Departmental Resource Commitment: What are the long term County funding requirements of the grant?

There are no long term County funding requirements of this grant.

3. County Commitment to the Grant: Is a county match required? If so, how does the department propose to fund the grant match? Please explain.

There is no county match required.

4. Does the grant program have an indirect cost allocation, in accordance with the grant rules? If not, please explain why not.

2% indirect costs are included for \$2,274.

5. County Commitment to the Program Upon Termination of the Grant: Will the program end upon termination of the grant funding: Yes or No? If No, what is the proposed funding mechanism: (1) Request additional funding or (2) Use departmental resources. If (2), provide details about what internal resources are to be provided and what other programs will be discontinued as a result.

This program will not end upon termination of grant funding. TCJPD will request subsequent funding through Federal, State, and private resources. The County will have an opportunity in the future to invest in The Eagle Soars: An Educational and Career Development Program.

6. If this is a new program, please provide information why the County should expand into this area.

The County should consider expanding into this area through the enhancement of services because successful reentry is critical in order to improve employment prospects of youth and prevent recidivism.

7. Please explain how this program will affect your current operations. Please tie the performance measures for this program back to the critical performance measures for your department or office.

The department intends to assess risks and needs of the youth and provide a wraparound of services to address their educational and vocational needs in order to foster successful re-integration back to the community. By doing this TCJPD will increase public safety and reduce recidivism.

The Commissioners' Court of Travis County approved the "Travis County Community Plan for Coordination of Criminal Justice and Related Activities FY 2012-FY 2015" on December 6, 2011. Over 15 local nonprofit organizations, school districts, and government agencies (including Travis County Juvenile Probation Department) participated in the planning process, which began in March 2011. This project directly addresses the plan's section on Juvenile Justice, Priority A, which states "Travis County is in need of intervention services for juvenile offenders, gang involved youth, and their families" through "implementing a service delivery system that should include providers who help enable smooth transitions to community and adult services, if necessary."

PBO Recommendation:

Travis County was serving the primary applicant to the Department of Homeland Security Federal Emergency Management Agency (FEMA) for three fires that started on September 4, 2011. Since these fires were declared disasters, our region is allowed to submit 75% reimbursement for costs associated directly to fighting the fires.

Travis County will be receiving no direct reimbursement for expenses resulting from the Hodde Lane fire. Unfortunately FEMA rules do not allow the agency that applies for the grant to claim reimbursement for regular salaries. In other similar circumstances, the City has applied in the past and lost out on reimbursement in the past. The fires were in Travis County and after much consultation between agencies Travis County agreed to be the lead applicant.

Please note that since these expenditures occurred in a prior fiscal year, the funds that Travis County receives will be reclassified against those expenses, resulting in a fund balance increase this year.

1. Brief Narrative - Summary of Grant: What is the goal of the program? How does the grant fit into the current activities of the department? Is the grant starting a new program, or is it enhancing an existing one?

The Hodde Lane fire occurred on September 4, 2011 and was declared eligible for a Fire Mitigation Assistance Grant (FMAG) which is a 75%/25% reimbursement of expenses with 25% being the responsibility of the Applicant. After submitting expenses associated with the fire, the Federal Emergency Management Agency (FEMA) denied a large number of the expenses based on a ruling that the Interlocal Cooperation Act that was in place was actually a Mutual Aid Agreement and did not address reimbursement. Travis County appealed the decision which was eventually overturned and FEMA paid Travis County \$20,950.91 or 75% of the eligible expenses which were submitted. This grant proposal is to accept and authorize disbursement of the funds to the eligible agencies.

2. Departmental Resource Commitment: What are the long term County funding requirements of the grant?

There is no long term commitment for this grant.

3. County Commitment to the Grant: Is a county match required? If so, how does the department propose to fund the grant match? Please explain.

Each agency that submitted expenses will bear the 25% match of their eligible expenses.

4. Does the grant program have an indirect cost allocation, in accordance with the grant rules? If not, please explain why not.

The grant program does not have an indirect cost allocation.

5. County Commitment to the Program Upon Termination of the Grant: Will the program end upon termination of the grant funding: Yes or No? If No, what is the proposed funding mechanism: (1) Request additional funding or (2) Use departmental resources. If (2), provide details about what internal resources are to be provided and what other programs will be discontinued as a result.

There is no commitment after the funds have been disbursed.

6. If this is a new program, please provide information why the County should expand into this area.

The is the termination of the FMAG process.

7. Please explain how this program will affect your current operations. Please tie the performance measures for this program back to the critical performance measures for your department or office.

There is no affect on the Office Of Emergency Management's current operations.
