PBO Recommendation:

Health and Human Services and Veterans Service is requesting Commissioners Court approval to apply for Emergency Food and Shelter Program grant funds from the Department of Homeland Security. The \$25,000 requested will provide utility assistance for Travis County citizens at or below 200% of the federal poverty guidelines. This is a continuation grant, and there is no grant match required.

PBO recommends approval of this application request.

1. Brief Narrative - Summary of Grant: What is the goal of the program? How does the grant fit into the current activities of the department? Is the grant starting a new program, or is it enhancing an existing one?

As an existing program, these funds will continue to be used to provide emergency utility assistance to qualified Travis County residents. These grant funds are sometimes used in conjunction with other utility assistance programs available providing a higher level of assistance to further the client's energy self-sufficiency.

2. Departmental Resource Commitment: What are the long term County funding requirements of the grant?

Existing staff will perform eligibility determination and vendor payment processes. No additional funds are required.

3. County Commitment to the Grant: Is a county match required? If so, how does the department propose to fund the grant match? Please explain.

No County match is required.

4. Does the grant program have an indirect cost allocation, in accordance with the grant rules? If not, please explain why not.

The application indicates that agencies are strongly encouraged to use all of the requested funds for direct client assistance. Therefore, the County will use the funds awarded in Phase 31 for direct client services.

5. County Commitment to the Program Upon Termination of the Grant: Will the program end upon termination of the grant funding: Yes or No? If No, what is the proposed funding mechanism: (1) Request additional funding or (2) Use departmental resources. If (2), provide details about what internal resources are to be provided and what other programs will be discontinued as a result.

Yes

6. If this is a new program, please provide information why the County should expand into this area.

N/A

7. Please explain how this program will affect your current operations. Please tie the performance measures for this program back to the critical performance measures for your department or office.

Travis County Health and Human Services & Veterans Service Department's Family Support Services Division staff will continue to provide client interviews for eligibility determination of this program and the other programs available through the department. This program funding assists in meeting the needs of the clients who are experiencing an economic crisis and need assistance meeting their household utility obligations.

SUBJECT: Acceptance of 2013 Emergency Food and Shelter Program Phase 31 Application

Proposed Motion: Consider and take appropriate action to approve the 2013 grant application for funding of the Emergency Food and Shelter Program Phase 31.

Summary and Staff Recommendation: Staff requests the acceptance and authorization to apply for \$25,000 in funding for the Phase 31 grant period. This requested amount is the same amount awarded in the previous grant period. The funds awarded for this grant are used to provide emergency utility assistance for Travis County's low-income individuals and families who have an income at or below 200% of the current Federal Poverty Income Guidelines.

Budgetary and Fiscal Impact: The awarded funds will be budgeted in the utility assistance GL established for this grant fund. No matching funds are required. We expect a decision to be made concerning our application in the next few months. The current contract period was 04-01-12 through 03-31-13.

Issues and Opportunities: The department has participated in this program for a number of years. Within the most recent program period, the department assisted 128 households with their utility bills.

Other agencies receiving funds for this program use their funding to provide food, shelter and rental assistance for clients. Through coordinating efforts with these agencies with regard to their use of funding as well as ours, duplication of services is prevented and assistance is given in a more efficient and effective manner.

We will use all of the Emergency Food and Shelter Program funds for direct assistance to clients. These funds are used to supplement the Federal, State, and local grant funds to enable the department to extend utility assistance to indigent individuals and families who seek aid from the department.

PBO Recommendation:

HHS&VS is requesting approval of a grant contract that continues the Low Income Home energy Assistance Act (LIHEAP) Weatherization Assistance Program through March 31, 2014. The grant award totals \$823,394 and includes indirect costs of \$51,337, or 6% of the total grant budget. There is no match requirement for this program.

PBO recommends approval of this grant contract.

1. Brief Narrative - Summary of Grant: What is the goal of the program? How does the grant fit into the current activities of the department? Is the grant starting a new program, or is it enhancing an existing one?

The department has received this grant for a number of years. These funds will be utilized to assist low-income households to achieve a level of energy efficiency by providing weatherization assistance to the residences. The benefit of weatherizing these households and reducing their home energy needs will further improve the ability to become energy self-sufficient.

2. Departmental Resource Commitment: What are the long term County funding requirements of the grant?

No additional funds are required.

3. County Commitment to the Grant: Is a county match required? If so, how does the department propose to fund the grant match? Please explain.

There is no County match required and no commitment by the Court to fund services if funds are discontinued.

4. Does the grant program have an indirect cost allocation, in accordance with the grant rules? If not, please explain why not.

This grant's funding source (Texas Department of Housing and Community Affairs) only allows for indirect costs (\$51,337) at the rate of 6% of the total allowable expenditures excluding funds for travel and training (\$2,000).

5. County Commitment to the Program Upon Termination of the Grant: Will the program end upon termination of the grant funding: Yes or No? If No, what is the proposed funding mechanism: (1) Request additional funding or (2) Use departmental resources. If (2), provide details about what internal resources are to be provided and what other programs will be discontinued as a result.

Yes

6. If this is a new program, please provide information why the County should expand into this area.

N/A

7. Please explain how this program will affect your current operations. Please tie the performance measures for this program back to the critical performance measures for your department or office.

Travis County Health and Human Services & Veterans Service Family Support Services division staff will perform the client eligibility interviews for assistance provided by this program and other programs available through the department. The Family Support Services staff will make referrals to the Housing Services division staff for those households deemed eligible for weatherization assistance. The Housing Services staff performs assessments of the residences and determines the weatherization services and minor home repairs that can be addressed with this grant funding and other funding sources available. Services are provided by either in-house staff or by purchasing contracted services.

This grant assistance is another program the department uses to meet the requests of low-income clients who are seeking minor home repair, weatherization services and basic needs services.

MEMORANDUM

Date: July 9, 2013

To: MEMBERS OF THE COMMISSIONERS COURT

From: 
Sherri E. Fleming, County Executive
Travis County Health and Human Services and Veterans Service

Subject: Acceptance of 2013– 14 LIHEAP Weatherization Assistance Program Contract

Proposed Motion: Consider and take appropriate action to approve the contract with Texas Department of Housing and Community Affairs for the LIHEAP Weatherization Assistance Program for 2013 - 14.

Summary and Staff Recommendation: Staff requests the acceptance of this contract from the Texas Department of Housing and Community Affairs (TDHCA). The total grant funding for this contract is in the amount of \$823,394. The LIHEAP grant funds awarded to Travis County are used to provide weatherization services and minor home repair assistance for low-income households. Some examples of the program's weatherization services are providing attic and wall insulation, repair or replacement of the heating and cooling household appliances, minor household repairs, and addressing health and safety issues by adding or replacing smoke and carbon monoxide detectors. The distribution of assistance will be to qualified Travis County residents with household income levels at or below 125% of the current Federal Poverty Income Guidelines with household weatherization needs.

Budgetary and Fiscal Impact: We will be able to use the LIHEAP funds for administration, materials, labor and training. The funds for materials will be budgeted in the GL accounts for building repairs and maintenance and supplies & equipment. Funding for labor will be budgeted in the corresponding salaries and benefit GL accounts. Funds for training will be budgeted in the applicable registration and travel, meals and lodging GL accounts. No matching funds are required for this grant. This contract period is 04/01/13 through 03/31/14.

Issues and Opportunities: We were able to provide weatherization services for 68 dwelling units with use of these grant funds in the last allocation period. The department utilizes this program to obtain a goal of assisting low-income households in achieving a level of energy efficiency, giving priority to households with one or more persons age 60 or above and/or an individual with a disability. Priority also is given to those households with young children age five and under and to those with the lowest incomes that pay the highest portion of their incomes for home energy.

It should be noted that this contract is made available electronically to Travis County from the Texas Department of Housing and Community Affairs. Therefore, in addition to the Commissioners Court authorizing Judge Biscoe to sign the hard copy of the contract, it is also necessary for the Judge to authorize the County Purchasing Agent to sign off on the electronically transmitted contract.

The work will be completed in accordance with the International Energy Conservation Code and the minimum requirements set in the State of Texas adopted International Residential Code or in jurisdictions authorized by State law to adopt later editions.

SECTION 4. DEPARTMENT FINANCIAL OBLIGATIONS

- A. In consideration of Subrecipient's satisfactory performance of this Contract, Department shall reimburse Subrecipient for the actual allowable costs incurred by Subrecipient in the amount specified in the "Budget and Performance Statement" attached hereto as Exhibit A.
- B. Department's obligations under this Contract are contingent upon the actual receipt by Department of adequate 2013 LIHEAP federal program funds. If sufficient funds are not available to make payments under this Contract, Department shall notify Subrecipient in writing within a reasonable time after such fact is determined. Department may then terminate this Contract and will not be liable for the failure to make any payment to Subrecipient under this Contract. Department acknowledges that it has received obligations from those sources which, if paid, will be sufficient to pay the allowable costs incurred by Subrecipient under this Contract.
- C. Department is not liable for any cost incurred by Subrecipient which:

- (1) is incurred to weatherize a dwelling unit which is not an eligible dwelling unit as defined in §440.22 of the WAP Regulations, except that pursuant to §5.2(b)(34) of the State Rules the dwelling unit shall be eligible for weatherization assistance if it is occupied by a family unit whose income is at or below 125 percent of the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. §9902(2) "Poverty Income Guidelines" as;

- D. Subrecipient shall refund, within fifteen (15) days of Department's request, any sum of money paid to Subrecipient which Department determines has resulted in an overpayment or has not been spent in accordance with the terms of this Contract. Department may offset or withhold any amount otherwise owed to Subrecipient under this Contract against any amount owed by Subrecipient to Department arising under this or any other Contract between the parties.
- E. Notwithstanding any other provision of this Contract to the contrary, the total of all payments and other obligations incurred by the Department under this Contract shall not exceed the sum of **\$823,394.00**.

- B. The timing and amount of cash advances shall be as close as administratively feasible, not to exceed a 30-day projection of the actual disbursements by the Subrecipient to direct program costs and the proportionate share of any allowable indirect costs.
- C. Subsection 4(A) notwithstanding, pursuant to §5.17 of the State Rules, the Department reserves the right to use a modified cost reimbursement method of payment for all funds, whereby reimbursement of costs incurred by a Subrecipient is made only after the Department has reviewed and approved backup documentation provided by the Subrecipient to support such costs for all funds if (1) Department determines that Subrecipient has maintained excess cash balances; (2) Department identifies any deficiency in the cash controls or financial management system maintained by Subrecipient; (3) Department identifies any deficiency in the quality of weatherization work performed by Subrecipient; (4) Department determines that a modified cost reimbursement method would benefit the program; (5) Department's funding sources require the use of a modified cost reimbursement method; or (6) Subrecipient fails to comply with any of the reporting requirements of Section 10.
- D. All funds paid to Subrecipient under this Contract are paid in trust for the exclusive benefit of the eligible dwelling units of the weatherization assistance program and for the payment of the allowable expenditures identified in Section 8 of this Contract.

SECTION 6. COST PRINCIPLES AND ADMINISTRATIVE REQUIREMENTS

- A. Except as expressly modified by law or the terms of this Contract, Subrecipient shall comply with the cost principles and uniform administrative requirements set forth in 34 T.A.C. §20.421, Uniform Grant Management Standards and 10 T.A.C. §5.10. Department shall notify Subrecipient in writing no less than thirty (30) days prior to the date of termination.
- B. Nothing in this Section shall be construed to limit Department's authority to withhold payment and immediately suspend Subrecipient's performance under this Contract if Department identifies possible instances of fraud, abuse, waste, fiscal mismanagement, or other serious deficiencies in Subrecipient's performance. Suspension shall be a temporary measure pending either corrective action by Subrecipient or a decision by Department to terminate this Contract.
- C. Notwithstanding any exercise by Department of its right of termination or suspension, Subrecipient shall not be relieved of any liability to Department for damages by virtue of any breach of this Contract by Subrecipient. Department may withhold any payment due to Subrecipient until such time as the exact amount of damages due to Department is agreed upon or is otherwise determined in writing between parties.
- D. Department shall not be liable for any costs incurred by Subrecipient after termination or during suspension of this Contract.
- E. Notwithstanding any exercise by Department of its right of termination or suspension, Subrecipient shall not be relieved of any liability to Department for damages by virtue of any breach of this Contract by Subrecipient.
- F. Subrecipient's failure to expend the funds provided under this Contract in a timely manner may result in either the termination of this Contract or Subrecipient's ineligibility to receive additional funding under WAP, or a reduction in the original allocation of funds to Subrecipient.

SECTION 8. ALLOWABLE EXPENDITURES

- A. The allowability of Subrecipient's costs incurred in the performance of this Contract shall be determined in accordance with the provisions of Sections 4 and 5 of this Contract and the regulations set forth in §440.18 of the WAP Regulations, subject to the limitations and exceptions set forth in this Section.

 - (11) allowable health and safety measures; and
 - (12) allowable base load reduction measures.
- C. Health and Safety funds not expended may be moved to the labor, materials, and program support category. Administrative costs are earned based upon the allowable percentage of total allowable expenditures, excluding the allowance for Department/LIHEAP Training Travel or special equipment purchases. Subrecipient may use any or all of the funds allowed for administrative purposes under this Contract for the purchase and delivery of weatherization materials. These changes will require a contract action; therefore, Subrecipient must provide written notification to the Department at least sixty (60) days prior to the end of the Contract Term before these funds can be moved.

SECTION 18. BONDING AND INSURANCE REQUIREMENTS

- A. If Subrecipient will enter in to a contract for weatherization activities with a third-party in the amount of \$25,000 or greater, Subrecipient must execute with the contractor a payment bond in the full amount of the contract. If the Subrecipient enters into a contract with a prime contractor in excess of \$100,000, a performance bond in the full amount of the contract is also required. These bonds must be executed by a corporate surety authorized to do business in Texas, a list of which may be obtained from the State Insurance Department. Such assurances of completion will run to the Department as obligee and must be documented prior to the start of weatherization activities.

- B. Subrecipient shall maintain adequate personal injury and property damage liability insurance. Subrecipient is encouraged to obtain pollution occurrence insurance in addition to the general liability insurance. Subrecipient should review existing policies to determine if lead contamination is covered. If it is not, Subrecipients should consider securing adequate coverage for all construction projects.
- C. Subrecipient should consider securing adequate coverage for all units to be weatherized. The Department strongly recommends the Subrecipient require their contractors to carry pollution occurrence insurance to avoid being liable for any mistakes the contractors may make. Each Subrecipient should get a legal opinion regarding the best course to take for implementing the pollution occurrence insurance coverage.

Department's monitoring may include a review of the efficiency, economy, and efficacy of Subrecipient's performance. Department will notify Subrecipient in writing of any deficiencies noted during such monitoring. Department may provide training and technical assistance to Subrecipient in correcting the deficiencies noted. Department may require corrective action to remedy deficiencies noted in Subrecipient's accounting, personnel, procurement, and management procedures and systems in order to comply with State or Federal requirements. Department may conduct follow-up visits to review the previously noted deficiencies and to assess the Subrecipient's efforts made to correct them. Repeated deficiencies may result in disallowed costs. Department may terminate or suspend this Contract or invoke other remedies Department determines to be appropriate in the event monitoring reveals material deficiencies in Subrecipient's performance, or Subrecipient fails to correct any deficiency within a reasonable period of time, as determined by the Department. Department or its designee may conduct an ongoing program evaluation throughout the Contract Term.

SECTION 21. LEGAL AUTHORITY

- A. Subrecipient assures and guarantees that it possesses the legal authority to enter into this Contract, to receive and manage the funds authorized by this Contract, and to perform the services Subrecipient has obligated itself to perform hereunder. - B. Subrecipient shall give Department complete access to all of its records, employees, and agents for the purpose of monitoring or investigating the WAP. Subrecipient shall fully cooperate with Department's efforts to detect, investigate, and prevent waste, fraud, and abuse. Subrecipient shall immediately notify the Department of any identified instances of waste, fraud, or abuse.

Pursuant to Chapter 2264 of the Texas Government Code, by execution of this Contract, Subrecipient hereby certifies that Subrecipient/Local Operator, or a branch, division, or department of Subrecipient does not and will not knowingly employ an undocumented worker, where "undocumented worker" means an individual who, at the time of employment, is not lawfully admitted for permanent residence to the United States or authorized under law to be employed in that manner in the United States. PRWORA REQUIREMENTS

Travis County
a political subdivision of the State of Texas

If an individual is applying for LIHEAP funds, a Subrecipient must verify that the individual applying for LIHEAP funds is a qualified recipient for funding under the Personal Responsibility and Work Opportunity Act of 1996, ("PRWORA"), Pub. L. 104-193, 110 Stat. 2105, codified at 8 U.S.C. § 1601 et. seq., as amended by the Omnibus Appropriations Act, 1997, Pub. L. 104-208.

To ensure that a non-qualified applicant does not receive "federal public benefits," a unit of general purpose government that administers "federal public benefit programs" is required to determine, and to verify, the individual's alienage status before granting eligibility. 8 U.S.C. § 1642 (a) and (b). Subrecipient must use the SAVE verification system to verify and document qualified alien eligibility.

An exception to the requirement of verification of alienage status applies when the applicant's eligibility is determined by a non-profit charitable organization. To be eligible for this exemption, an organization must be both "nonprofit" and "charitable." An organization is "nonprofit" if it is organized and operated for purposes other than making gains or profits for the organization, its member or its shareholders, and is precluded from distributing any gains or profits to its members or shareholders. An organization is "charitable" if it is organized and operated for charitable purposes. The term "charitable" should be interpreted in its generally accepted legal sense as developed by judicial decisions. It includes organizations dedicated to relief of the poor and distressed or the underprivileged, as well as religiously-affiliated organizations and educational organizations. Federal Register on November 17, 1997 at 62 Fed. Reg. 61344.
