Approve Contract Award for 10' X 6' Precast Concrete Box Culvert, IFB No. 1305-013-CW, to the Sole Bidder, Hanson Pipe and Precast LLC.

- **Purchasing Recommendation and Comments:** Purchasing concurs with department and recommends approval of requested action. This procurement action meets the compliance requirements as outlined by the statutes.

This contract will provide a one-time purchase of 10' x 6' precast concrete box culvert to TNR. TNR is subject to the City of Austin Permit requirements which require TNR to add capacity to the original design of the East Service Center road way access.

IFB No. 1305-013-CW was issued on May 29, 2013. A total of twenty six (26) vendors were solicited and one (1) bid was received. There are a limited number of bidders qualified to produce drainage components of this nature. Box culverts meeting TXDOT specifications are required by TXDOT to be produced by approved fabrications plants. Currently, there are nine approved fabricators operating a total of 17 plants. The plant operated by Hanson Pipe and Precast LLC is the only Austin based plant with the next nearest plants located in Seguin and Castroville. The Travis County TNR department recommends award to the sole bidder, Hanson Pipe and Precast LLC.
