## **2014 Travis County Combined Charities Campaign**

Dear Friends and Colleagues:

October marks the beginning of the Travis County Combined Charities Campaign, our annual workplace giving program in which employees contribute to over 300 charities.

The Combined Charities Campaign provides an excellent opportunity for employees to work together to achieve maximum results for our community. Throughout the years, Travis County employees have contributed remarkable sums of money and many people have benefitted from your generosity. In 2009, our best year on record, employee contributions to the Combined Charities Campaign accounted for more than \$200,000! I continue to be thankful to Dana DeBeauvoir, Travis County Clerk and our outstanding chair that year, and to you, our generous contributors.

This year, I would like to present all Travis County employees with a challenge: **let's beat our 2009 record!** All it takes is for each employee to make a commitment to assist this year's campaign. No gift is too small or too large; even a modest contribution of \$5 or \$10 each pay period can make a world of difference to someone in need.

Employees can give a one-time donation or schedule a periodic small deduction from their paychecks. Scheduled payroll deductions will begin January 1, 2015 and will continue through the end of the calendar year.

Because I retire on December 31, 2014, this will be my last campaign at Travis County. I would personally appreciate your helping me transition into retirement knowing we gave generously to needy persons in our community.

I look forward to our anticipated collective success this year. With your assistance, we can and will have our most productive year ever.

Sincerely,

A handwritten signature in cursive script that reads "Samuel T. Biscoe".

Samuel T. Biscoe  
Travis County Judge
