**Members of the Court heard from:** John Hille, Assistant County Attorney.

**Motion by Judge Biscoe and seconded by Commissioner Gómez** that the Commissioners Court direct the County Attorney's office to proceed with Option A; that we start off the draft comments indicating the County's previously stated position with respect to November 1, 2015; that we indicate fully the other positions we have if an application for expansion beyond that time is filed with the Texas Commission on Environmental Quality (TCEQ); that we pick up the three points made by Commissioner Davis in Option B, except for the "hub" language; that we amend those special conditions by adding language pertaining to the acquisition and permitting of a green field site at BFI before November 1, 2015, and in that circumstance terminating the operation in northeast Travis County; that we, in either a separate document or a footnote of some sort, leave open the possibility of the agreement as well as the restrictive covenant with an explanation of the impact of it, or importance of it, and invite comment on those two. And, the other part of this Motion is that we would review their revised draft by 3:00 PM, May 30, 2007 and our intention would be that in an hour or less we would approve a draft to make it available for public comment between May 30, 2007 and two weeks from today, which is June 12, 2007, at which time the Court will plan to take action.

**A Friendly Amendment to the previous Motion was offered by Commissioner Eckhardt** that the communication to the public regarding the possible restrictive covenant agreement be a separate document from the comment to the TCEQ regarding the proposed expansion.

**Acceptance of the Friendly Amendment was made by Judge Biscoe.**
